Simply Digitize and Utilize Your Documents in the Way You Want

ArtixScan DI 8040c lets users easily digitize bank statements, legal documents, insurance papers, and medical records in just seconds.

Documents or checks workflow

Bundled with Newly Advanced ScanWizard DI

OCR Orientation function enables every scanned and saved OCR files present in a readable direction. No more fuzzy editing software is needed.

Paper Count function allows users to keep track of all scan actions from both flatbed and ADF, helping to estimate when you may need to apply maintenance and service to your scanner, making more effective use of your scanner.

Preset Setting function allows you to save the predefined scanning values, and then retrieve them later for scanning same types of materials, which brings fast and convenient access for users.

Color dropout function drops out red, green and blue colors from problematic color document to pursue clearer and more accurate form.

Auto-crop function automatically detects the size of the original image, crops the full scan frame to fit the image, and removes unwanted black borders.

Auto-deskew function automatically corrects distorted images for proper alignment.

Specifications

Scanner Type
Desktop color document scanner
